It is getting time to shove off odds and ends, the Summer season being pretty well advanced, some popular lines of goods have had a good run, on account of which they have been ordered over and over again, these particular lines we are now very anxious to sell, and in order to make them go, we made such reductions as will sell them even though the customer should not have any particular use for them, the smallest cut we are making this week, is 25 per cent. on former prices. Now we will start out on Embroideries.

## Embroideries! Embroideries!!

Hamburg Edgings, nice qualities 3-1-3c  
Hamburg Edging good with 5c  
Hamburg Edging 4-1-2c  
Hamburg Edging 6-1-2c  
Hamburg Edging 7c, and all the way up to 50c. per yd., of course we have cheaper lines of Embroideries, but the line named above is of the very quality and not an undesirable pattern in the lot, they are worth 25 per cent. more than the price we are selling them for.

## Swiss and Lawn Embroideries.

We have a large line of these in all widths, ranging from 10c. to 50c. per yard, in this line we are showing the biggest drive ever offered in this market.  
We are offering a line of Torchon laces, and insertions from 3c. to 50c. per yard, by which you can judge how cheap goods are getting.

## White Goods and Lawns.

We are still rushing the printed linen lawns at 15, 16 1-2, 18, 22 1-2, 25 and 30c. per yard, every yard of which is worth nearly double that price.  
Our white piques are selling down, and the greatest bargain ever sold in this market. We are selling them at 8 1-2c. per yd.  
We have a big lot of India lawns left which we have reduced in prices until there is no bottom left.  
Our colored Victoria lawns have been reduced to 16 2-3c. per yd.; they were 1 like hot cakes all this summer at 25c.

This is an Opportunity for Bargains and no ONE Should MISS IT.

WASHINGTON, August 12.—Three

officers in the signal service, First

Lieutenant A. W. Greeley, Fifth cav-

alry; First Lieutenant, Robert Craig,

Fourth artillery, and First Lieutenant

H. S. C. Dunwoody are included in

the provisions of the recent order

directing line officers who have been

on detached duty for four years, to go

back to their regular commands. An

exception will probably be made in the

case of Lieutenant Greeley, in order

to allow him to complete his report

of the arctic expedition.

### Immediate Postal Delivery.

WASHINGTON, August 12.—A circular

relating to the immediate delivery

system, which is to be put in

operation on October 1st, has been

prepared and will be sent to post-

masters at once. After quoting sec-

tion three of the postoffice appropria-

tion bill, which provides the terms

under which immediate deliveries are

to be made the circular says:

"It has accordingly been decided to

introduce the special delivery sys-

tem, which is to be put in opera-

tion on October 1st, at all postoffices

at which it is permitted by the law;

namely, those at which the free-

delivery system is in operation, and

in cities and towns having a popu-

lation of 4,000 or over, as shown

in the last federal census. Suitable

supplies of these special deliv-

ery stamps will be sent to any post-

office in the country which may make

application for them, and when re-

ceived they are to be taken up by the

postmaster in his account current and

accounted for quarterly in the ordi-

nary manner. Ordinary stamps. They

are to be sold by post-

masters in any required amounts and

to any known person who may apply

for them, but they can be used only

for the purpose of securing the imme-

diate delivery of letters addressed to

persons at offices designated as special

delivery offices, and under no circum-

stances are they to be used in pay-

ment of postage of any description.

No can any other stamp be used to

insure delivery except a special deliv-

ery stamp. The special delivery stamp

must be in addition to the ordi-

nary postage, and letters not pre-

paid with at least one full rate of

postage in accordance with the law

and regulations must be treated as

ordinary letters, and for the purpose

of securing the special delivery stamp

in addition to the full postage and

registry fee required by the law

and the regulations.

The special delivery stamps must

be effectively cancelled at the office of

mailing in the same way as ordinary

stamps. A letter bearing a special

delivery stamp, in addition to full

postage, may be postpaid at any post-

office in the country, but it will not be

entitled to immediate delivery by a

messenger when addressed to a post-

office to which the special delivery

system has not been extended.

"Special delivery letters will be deliv-

ered by a messenger within carrier

limits of a free delivery office and

within a radius of one mile from the

post office, at all other special deliv-

ery offices. Postmasters at fourth-class

offices are not entitled to commis-

sions on the special delivery stamps.

Special delivery stamps are to be ex-

changed for ordinary stamps at the

mailing of letters bearing the special

delivery stamps and addressed to

special delivery offices.

"Postmasters are urged to use all

available means for furnishing the

public with information regard to the

special delivery system. A list of special

delivery offices will be furnished to

postmasters, and must be conspicu-

ously posted in the post office where it

will readily attract attention."

(Signed) WILLIAM F. VILAS,  
Postmaster-General.

A second circular by the postmas-

ter-general, emphasizing the impor-

tance of the special delivery system, in-

structions to postmasters in conformity

to the above system. It directs

them to employ the requisite number

of messenger boys to insure prompt

delivery, and provides that substitutes

letter carriers may be employed as

messengers, and receive the same

compensation as other messengers,

but in no case shall the compensation

paid to any person exceed \$30 per

month. "Two objects," says the post-

master-general, "must be particularly

and strenuously observed: First, the

most efficient delivery service, and

second, to bring the service up to a

revenue-yielding condition.

### WATERSPOUT IN DAKOTA.

People and Animals Swept Away and

ST. PAUL, Minn., August 12.—Ad-

vicees from Deadwood, Dakota, say a

water-spout struck Long Tree creek,

near Deadwood, Dakota, last Thurs-

day, flooding the valley and drowning

four men, two children and a number

of horses, besides washing away several

hundred yards of a newly finished

railroad grade. A family of emigrants,

consisting of a man, wife and three

children, were camped on the creek.

When the flood struck them the man

was killed, and his wife and children

were drowned. The woman was caught

in the flood, and was carried down

the river, where it struck against the

bank. The woman succeeded in

clinging to a willow, and was washed

down the river. The child, aged four

years, was carried down the river,

and was found alive, clinging to a

willow, near the town. The track

of the flood was strewn with

dead horses, and the bodies of the

men, while here and there was found

the body of some unfortunate grader.

### MURDER WILL OUT.

A Step Son Kills His Father.

NEW YORK, N. Y., August 12.—The

murder of Albert H. Herriek in

Brooklyn, still continues to attract at-

tention. The statement of his stepson,

Thomas Armstrong, who is in custody

on suspicion of committing the crime,

in regard to his statements on the day

of the murder, have been found to be

untrue and when talked to about it he

admitted they were. Detectives talk-

ed with him last night and to-day it

was currently reported that Arm-

strong had made a confession and that

the work of the detectives was ended.

LATER.—Armstrong was arraigned

in court today and read to him the

connecting him with the crime. Then

followed the prisoner's statement to

the detectives in his cell last night.

It set forth that when the deceased

herriek was shot in Brooklyn on

Monday afternoon he found the

prisoner there and upbraided him.

Herriek chased him down into the

cellar and shot at him three times. When

he was shot he fell down the stairs

and carried the pistol with him and

threw it into the East river. He then

went to his aunt's in Hoboken where

he was arrested. His statement

caused a sensation in the court. The

accused, through his counsel, pleaded

not guilty and was then remanded to

the care of the police to await the ac-

tion of the grand jury. The coroner

has empaneled a jury but has not

fixed the time for holding the inquest.

The prisoner, in speaking of the mat-

ter to the police, said he only acted

in self defense, and was writing a

letter to his mother when a

step-father came in and quarrelled
